PREFACE.

IN presenting this, our tenth volume of the Charlotte Directory, in which we have made a radical departure, we are of the opinion that it will be well received by our patrons. In its preparation, no expense was spared, and the general make up and completeness of the work will compare more than favorably with any publication of a like character, no matter where issued.

While this issue was generously supported by a majority of the business and professional interests, there are others, as usual, who do not support the work that should. No one likes to lend his Directory, but as a matter of courtesy do not refuse. Every business and professional man that can afford to, should subscribe to his local Directory, if for no other reason than to give it the support necessary to sustain it. Notwithstanding this, in a great many cases, parties borrow who are ten fold more able to subscribe than the party from whom they borrow.

As a matter of information, we desire to state that, eliminating the advertising department, each Directory that we will deliver in Charlotte cost us more than SIX DOLLARS per copy to produce—ONE GOOD REASON why you should at least subscribe and encourage good service.

With thanks to the general public for the many courtesies shown our representatives, and to our patrons for their support, we are

Respectfully yours,

THE W. H. WALSH DIRECTORY COMPANY,

Charlotte, N. C., October 1st, 1904. W. H. WALSH, Manager.

For names other than shown in this Department, see General Directory of Names.

OLDSMOBILE

Selecting an Automobile

You want the greatest road efficiency. This is measured by the actual horse-power transmitted to the wheels, divided by the weight of the machine.

The Oldsmobile Runabout has the greatest road efficiency of any runabout made. 5x6 cylinder 7 actual horse-power, weighs 1100 lbs.—making the horse-power per 100 lbs. weight .636.

You want a reliable machine. The Oldsmobile has proven itself superior to all others in this respect. It is the only Runabout that has been driven across the American continent. Also took every prize in the famous English Reliability Run in September, 1903.

You want simplicity in mechanism. The Oldsmobile has fewest parts—it is the result of 20 years experience in gas engine building. The chances of its getting out of order are reduced to a minimum. There's "nothing to watch but the road ahead."

You want your money's worth. The Oldsmobile costs $650.00, —and it's worth it.

Send for our catalog telling about increased power, speed etc. Shows our new pattern Touring Runabout, $750.00; Light Tonneau, $950.00; Oldsmobile Delivery Wagon, $850.00.

PINE FOREST INN

SUMMERVILLE, S. C.

Season 1904-1905—Open November to May

THE PINE FOREST INN COMPANY take pleasure in announcing to former patrons and those who contemplate a sojourn in the South during the winter 1904-5, that the Inn will open for the coming season with many improvements to the hotel and property that can not fail to add to the comfort of its guests. Since the close of the house last spring, a new addition has been constructed, containing several suites of rooms with bath, steam heat, and open fireplaces, and furnished in the luxurious style of other portions of the Inn. An extension enlarges the dining-room to double its former size, and provides several smaller dining-rooms and a commodious room for balls and entertainments. The kitchen facilities are also improved.

THE FORMER EXCELLENT GOLF LINKS have been extended to an eighteen-hole course. Artificial bunkers have been added, and the hazards difficult enough to be interesting. The turf is the finest in the South. There is a good club-house situated at the first tee, commanding a view of the entire course. The links will be in charge of a professional instructor, and tournaments will be a feature during the season. The climate of Summerville will admit of playing any day in the winter. A fine boulevard leads from the Inn through the park and past the tea and floral gardens of Dr. Charles U. Shepard to the club-house, less than a mile distant.

THE PINE FOREST INN HUNTING-GROUNDS, containing two thousand acres, with its Colonial Club-House, and the variety of game with which the preserves are stocked, should be a great attraction for all fond of hunting, etc.

THE OWNERS OF THE INN have spared no expense in the equipment of the hotel and providing for the comfort and amusement of guests, and the large patronage enjoyed by the house in past seasons is the best evidence of its popularity. Situated in the middle South, in the dry, fragrant air of the pines, and easy of access from all points, the Pine Forest Inn offers an ideal climate and many advantages not found at other Southern resorts.

The Complete Equipment of New Homes a Specialty

High-Class Goods at Reasonable Prices. Always on Hand. Special Things Bought in Quantity at Less Than Factory Prices.

THE FIRST COST of a piano is important. So is its second cost—*the tuning*. Yet this has never a moment's consideration from some buyers. Just at this point the

Ivers & Pond PIANO

offers special attractions. For, while it costs no more than many inferior makes, *it stays in tune far longer and requires less adjustment*. The use of only the finest materials and highest class of workmanship ensures this. Hence the cost of maintenance is reduced at least fifty per cent. A host of other advantages re-enforce this one, and make IVERS & POND PIANOS easily the most economical procurable.

OLDSMOBILE

Selecting an Automobile

You want the greatest road efficiency. This is measured by the actual horse-power transmitted to the wheels, divided by the weight of the machine.

The Oldsmobile Runabout has the greatest road efficiency of any runabout made. 5x6 cylinder 7 actual horse-power, weighs 1100 lbs.—making the horse-power per 100 lbs. weight .636.

You want a reliable machine. The Oldsmobile has proven itself superior to all others in this respect. It is the only Runabout that has been driven across the American continent. Also took every prize in the famous English Reliability Run in September, 1903.

You want simplicity in mechanism. The Oldsmobile has fewest parts—it is the result of 20 years experience in gas engine building. The chances of its getting out of order are reduced to a minimum. There's "nothing to watch but the road ahead."

You want your money's worth. The Oldsmobile costs $650.00, —and it's worth it.

Send for our catalog telling about increased power, speed etc. Shows our new pattern Touring Runabout, $750.00; Light Tonneau, $950.00; Oldsmobile Delivery Wagon, $850.00.
